

RoDevs Sponsorships Policy - Terms & Conditions of Purchase

1. Approval and Content

- All advertisements must be approved before posting.
- No NSFW, gambling, scams, misleading claims, hate speech, illegal content, or malicious links.
- Must follow Discord Terms of Service and (if applicable) Roblox Terms of Use.

2. Payment

- All payments must be done upfront
- Payments can be done by PayPal or Robux. For smaller-scale sponsorships, we may be able to accept vouchers/giftcards - please ask the representative handling your sponsorship.

3. Included Giveaways

- When purchasing a package that includes a giveaway, if not stated or discussed separately, the prize of giveaways shall be assumed to be Nitro Basic for one month for one user, which is included in the price you pay.
- In scenarios involving robux or non-monetary giveaway prizes, we may allow you to provide the giveaway prize directly to the winner without going through us. You must honour the giveaway and give the user the promised prize within one week. Failure to do so will lead to the sponsorship being deleted, and you being banned from RoDevs.
- Re-rolls and automatic join enforcement are only available on sponsorships costing over \$50

4. Role mentions

- At time of writing, Giveaways Ping has approximately 1800 members, and Events Ping has approximately 1700 members. For accurate figures, please ask the representative.
- The “@here” ping mentions all online members - this number fluctuates massively, and we cannot be liable for the unpredictability of this value.

5. Refunds

- RoDevs does not estimate or guarantee any particular results. No refund can be given for adverts that perform worse than you expected.
- In the event that RoDevs discovered a violation of these terms, for example your sponsorship promotes a scam that we didn't realise, the sponsorship will be terminated. This will include your advertisement being deleted. You will not be refunded, as the exposure already happened.
- No refunds can be given after the advertisement has been published in the agreed channel.
- If you choose to cancel before the advertisement is posted, a refund may be issued. Please note that payments made via Roblox may incur platform taxes and transaction fees, which are outside of our control and will not be reimbursed.
- If RoDevs makes a significant posting error that materially impacts your advertisement, we will either correct the mistake if possible, or offer a repeat sponsorship at no additional cost.

6. Liability

- RoDevs is not liable for the actions of any members who join your server as a result of a sponsorship with us.
- You agree to hold the RoDevs and its staff harmless from claims related to your promotion
